PUBLIC NOTICE
INAPPROPRIATE AND OFFENSIVE
CONTENT ON MEDIA PLATFORMS

The Uganda Communications Commission (UCC) has observed a troubling resurgence of inappropriate content being aired across various media platforms, including television, radio, and online channels. This content—often in the form of music lyrics, videos, and interviews—frequently contains offensive, obscene, indecent, and distressing material. Instances include scantily dressed performers engaging in sexually suggestive dances and songs laden with explicit sexual innuendo and inappropriate messages.

Such content is in direct violation of the Minimum Broadcasting Standards as outlined in **Section 31** and **Schedule 4** of the Uganda Communications Act, 2013, which stipulates that:

Broadcasters must ensure that any programme aired is not contrary to public morality, complies with existing laws, and that adult-oriented content is appropriately scheduled.

Additionally, this content breaches the Uganda Communications (Content) Regulations, 2019.

Despite previous warnings and reminders, including official letters issued on 9th August 2021 and 25th October 2023, some broadcasters continue to disregard these legal obligations.

The Commission HEREBY REITERATES the critical importance of adhering to the Minimum Broadcasting Standards, the Uganda Communications (Content) Regulations 2019, and all other applicable laws.

All broadcasters (television, radio, and online) are DIRECTED to ensure that all content, including music videos and audios, is properly classified by the Media Council before being aired, as required under the Press and Journalist Act, Cap. 105.

Failure to comply with the law will result in appropriate legal consequences.
